

...and till He makes Jerusalem a praise in the earth. Isaiah 62:7b

In **Roots & Reflections**, we see the reality of life in Israel: Jews and Arabs living alongside each other in a colorful and vibrant country with a history that stretches back over three thousand years – where visitors are warmly welcomed and where the most momentous events in the history of the world have taken place.

Roots & Reflections is a television program of **Vision for Israel**. Pray that many people will have their eyes opened to God's deep love for the people and the Land of Israel. Financial support for **Roots & Reflections** is welcomed and greatly appreciated.
